Professional History

- Procter & Gamble

Education

- M.B.A., Entrepreneurial Studies, Xavier University
- B.S., Chemical Engineering, University of Wisconsin- Madison

Betsy is a global innovation leader and transformational change agent with 28 years' experience delivering world-class business results. She spent her entire career with Procter & Gamble in research and development, production operations management, and global quality assurance management. Betsy had direct supervisory responsibility for more than 50 employees.

Betsy serves on the board of Young Life and is a past volunteer campaign coordinator for the United Way. She also has been known to sew costumes for local theater companies.

ESCC Experience

Betsy has completed ESCC's training courses in strategic thinking, board development, and coaching for change. She has been assigned to help out with business planning projects at Beech Acres, St. Vincent de Paul, and the Cincinnati Youth Collaborative.

We strengthen nonprofits to reach bold community goals.
