Professional History

- Avery Dennison
- Western Atlas/Litton Industries
- United States Air Force

Education

- M.B.A., Business Administration, Auburn University
- M.S.E.E., Electrical Engineering, University of Missouri, Columbia
- B.S.E.E., Electrical Engineering, California Polytechnic State University, San Luis Obispo

Hugh's areas of expertise lie in manufacturing, operations, and engineering. Prior to retirement, he was the Global Director of Engineering with Avery Dennison. He also spent four years with Western Atlas (formerly Litton Industries) as Vice President of Engineering and Project Management.

Hugh actively works with small businesses as a volunteer counselor for SCORE. He also has volunteered with the Association of Retarded Citizens of Northern Kentucky.

ESCC Experience

Hugh completed ESCC's training courses in strategic planning, coaching for change, board development, and advanced consulting. He also has served as a coach for the Nonprofit Leadership Institute.

We strengthen nonprofits to reach bold community goals.
